
SITE DEVELOPMENT WORKSHEET FOR ADDITIONAL GRANTS - Instructions

This spreadsheet is provided as a tool to assist districts and architects when requesting additional grants for site development costs for new construction. Please refer to Regulation relating to the School Facilities Program, Section 1859.76, to determine eligible costs. If you have any questions, please contact JoAnn Hamiel, Construction Analyst, at joann.hamiel@dgs.ca.gov or (916) 322-1616.

Any format that the District chooses to use should provide similar information. Please enter information only in the white areas and check the totals to make sure formulas are carried forward correctly. Once the information on this worksheet is complete, transfer only the State's share (i.e. 50%) of the cost to the "Application For Funding, Form SFP 50-04".

The following table shows examples of the type of detail that must be included in the cost estimate and the location where the work can be verified in the plans and/or specifications. To add additional lines, click on one of the white detail rows and insert as many rows as needed, and then copy the item total formula to the new rows.

EXAMPLES:

Example 1 Curbs, gutters and paving shows: 8" curb and gutter installation can be found on sheet C1.2 in the plans. 2" over 6" AC can be found on sheets C1.3 and C1.4 in the plans.

Example 2 lists the plan and spec location on the line after the estimate. In this example, make sure no numbers are entered in the item total column of the reference lines.

DESCRIPTION WITH PLAN & SPEC PAGES	QTY	UNITS	UNIT COST	ITEM TOTAL	SUBTOTAL
(B) OFF-SITE DEVELOPMENT COST					
(1) CURBS, GUTTERS AND PAVING					
8" Curb and gutter on Fresno St., C1.2	200	L.F.	9	\$ 1,800	
2" over 6" AC, Fresno St., C1.3 and 1.4	200	S.F.	2.9	\$ 5,800	
Subtotal Curbs, gutters and paving					(1) \$ 7,600
(2) SIDEWALKS					
6' wide Sidewalk	1200	S.F.	2	\$ 2,400	
Plans: C1.2 and C1.3, Specs 2020				\$	
Subtotal Sidewalks					(2) \$ 2,400
